Full Job Description

CUSTOM CULINARY

For more than half a century, we've focused on a single mission at Custom Culinary®: to create the finest-quality, most authentic bases, sauces and gravies for our foodservice and food processing customers. Developed by our culinary specialists to deliver made-from-scratch taste and inspired results in just minutes, our products bring exceptional aroma, flavor and consistency to all your signature dishes. True Taste begins with Custom Culinary®.CUSTOM CULINARY

Por más de medio siglo, en Custom Culinary® nos hemos concentrado en una sola misión: crear las bases, salsas y aderezos más auténticos y de mejor calidad para nuestros clientes de la industria alimentaria. Desarrollados por nuestros especialistas culinarios para ofrecer un sabor elaborado a partir de cero y resultados inspirados en cuestión de minutos, nuestros productos aportan un aroma, un sabor y una consistencia excepcionales a todos sus platos. El verdadero sabor comienza con Custom Culinary®.

This position is responsible for the set-up, operation, adjustment, and clean-up of packaging equipment. The equipment includes form fill and seals packaging machines, bulk packaging machines, jar packaging machines, check weighers, metal detectors, and case fillers. The operator ensures that quality products are packaged in a safe, efficient, and sanitary manner.

Essential Duties & Responsibilities:

- Inspects and cleans work area prior to beginning operation and at shift end
- Inspects and adjusts equipment prior to beginning operation
- Completes production reports documenting performance; enter transactions into RF equipment
- Adjusts equipment during operation to ensure that quality and productivity standards are met
- Dump product into the hopper for filling
- Performs change-over by setting up auger, funnel, tubing and former for specific lines and/or product
- Cleans and washes line and equipment
- Load and set film or units for form fill machines
- May manually pack units into cartons as required
- May manually affix label cartons
- May manually stack cartons on to pallets as required
- May operate a forklift as required
- Reports any product quality deviations or mechanical failures to the utility person or team captain
- Cleans work area and equipment at the end of the shift
- Complete all training defined and made available for the currently assigned role. Responsible for attending all training made available assuring full understanding of the training and have the ability to perform trained activities.
- Responsible for the coordination and review of specific functional area BRC criteria. Ensure BRC protocols are implemented and audited as required. Provide employee training as needed. Ensure Food products meet safety, quality and legal requirements
- Education and/or Experience

Less than high school education; or one month related experience or training and/or equivalent combination of education and experience.

- Communication Skills

It is essential to have excellent communication skills, verbal and written. Ability to read and follow written work instructions.

- Computer Skills Perform limited data entry into manufacturing software system
- Mathematical Skills

Must have basic math skills to add, subtract, and divide.

- Reasoning Ability

Ability to apply common sense understanding to carry out simple one- or two-step instructions. Ability to deal with standardized situations with only occasional or no variables.

- Other Qualifications

Must be able to complete company's Forklift Certification program

Physical Requirements

While performing the duties of this Job, the employee is regularly required to talk or hear. The employee is frequently required to stand; use hands to finger, handle, or feel and reach with hands and arms. The employee is occasionally required to walk; climb or balance and stoop, kneel, crouch, or crawl. The

employee must regularly lift and /or move up to 75 pounds. Specific vision abilities required by this job include close vision and distance vision.

Environmental Concerns

While performing the duties of this Job, the employee is regularly exposed to moving mechanical parts and risk of electrical shock. The employee is occasionally exposed to wet and/or humid conditions; high, precarious places; outside weather conditions and vibration. The noise level in the work environment is usually loud. Dust and odor present in environment.
